

The "New Home"

The one Sewing Machine that will stand the light of the most critical investigation.

There are vitally important reasons why THE NEW HOME SEWING MACHINE is generally accepted as the "standard of the world." For fifty years they have upheld a reputation for quality unequalled, and maintained a level unapproached by other makes.

It is the simplest and easiest running Sewing Machine made, and practically noiseless.

We have just started another Club of 10 members, which enables the early purchasers to join this Club at once and save money. Our terms are easy and give the lady a chance to use the machine while paying for same. Join at once!

BISCUIT FACTORY BURNED.

Loss at North Adams, Mass., Last Night \$100,000.

North Adams, Mass., July 8.—Greece trickling down a chimney flue into the boiler room of the B. W. Clark Biscuit factory last night started a fire that destroyed the factory and three tenements nearby, causing a loss of upwards of \$100,000. Several other houses were badly damaged.

The fire was discovered by the watchman of the plant, who attempted to fight it with the factory equipment. Finding the flames getting beyond his control, he turned in an alarm. In responding to the first alarm, Deputy Chief Roscoe E. Hosley, driving a hose-wagon, was stricken with an apoplectic shock, and fell to the ground. The horses ran away through a crowd of people, and many narrowly escaped serious injury. The deputy chief was taken to the hospital in a critical condition. Lines of hose were carried across the Hoosac river to fight the flames.
